

Verbier, Switzerland

A Verbier skiing holiday will allow you to explore the vast ski area of the 4 Valleys connecting the ski resorts of Verbier, La Tzoumaz, Nendaz, Veysonnaz, Thyon and Les Collons. The most famous being Verbier, which has the most skiing, but the other resorts should not be ignored, particularly from the point of view of price and easy accessibility to the Verbier skiing area and the 4 Valleys as a whole.

Verbier sits in a sunny, well sheltered spot. The resort is built in traditional style, with impressive views of the surrounding mountains. Verbier is a resort for the fashionable and cosmopolitan. Veysonnaz is the most attractive of the satellite resorts, but they all have a good range of facilities including bars, cafés, restaurants and sport centres etc and are ideal for families who do not need the pulsating nightlife of a Verbier skiing holiday, but are still looking for excellent Verbier skiing. Les Collons is linked with Thyon 2000 and has its own ski and snowboarding school. Ski school is good in all the resorts and children well provided for. Verbier's après ski is famous with its nightclubs and some 60 restaurants. Veysonnaz and Les Collons also have their fair share of things to do.
